Time Travelers

Two Days/One Night

Time Travelers is a unique journey through the history of our area centered on the Cambridge Glass Factory. In May of 1902, when the factory opened, it was dubbed “One of the Most Complete Plants in the World!”

Experience what life was like for a Cambridge Glass House family in the early 1900s! Meet the mother, Mrs. Yonek in her babushka, who “held down the fort” at home making ends meet. How did she keep their clothes clean? Where did she cook and how? What was the neighborhood like? Who worked at the newly opened mammoth Cambridge Glass Company? What happened at the glass house during World War I? Experience this and more! Your group will discover more of the Cambridge/Guernsey County story as your coach travels back through time! Each guest receives a map of “old Cambridge” as a keepsake from this tour.

Day One

Arrive at the **National Museum of Cambridge Glass** for a step back into the 1900s. Your group will be greeted by a worker from the Glass House for this very interactive tour.

Tour **St. John’s Episcopal Church** that the president and owner of the Cambridge Glass Factory, AJ Bennet, built.

While eating lunch at **Central Station Steak & Ale**, your group may encounter a coal miner walking to the mines for a day’s work or his wife arriving in time to take his lunch pail to him.

In the afternoon, your group can choose from several make and take options. Whether it’s making a yummy chocolate creation or an ice cream sundae, they are sure to have plenty of fun.

Keeping the theme of Time Travelers, your group can choose to tour the **Guernsey County History Museum** with focus on a replica of a deep vein coal mine and meet Coal Miner Dave who worked at one of the two mines owned by the Cambridge Glass Factory.
